

RIKEN Center for Advanced Photonics

RIKEN Center for Advanced Photonics

- Attosecond Science Research Team
- Ultrafast Spectroscopy Research Team
- Space-Time Engineering Research Team
- Quantum Optoelectronics Research Team
- Ultrafast Coherent Soft X-ray Photonics Research Team
- Live Cell Super-Resolution Imaging Research Team
- Biotechnological Optics Research Team
- Image Processing Research Team
- Innovative Photon Manipulation Research Team
- Advanced Laser Processing Research Team
- Terahertz Sensing and Imaging Research Team
- Tera-Photonics Research Team
- Terahertz Quantum Device Research Team
- Photonics Control Technology Team
- Ultrahigh Precision Optics Technology Team
- Neutron Beam Technology Team
- Ultrashort Electron Beam Science RIKEN Hakubi Research Team
- Digital Twin for Light-Matter Interaction RIKEN ECL Research Team
- Advanced Manufacturing Support Team
- Office of the Center Director
